Kiswahili

English

As a Volunteer at POSTMAN API FUNDAMENTALS STUDENT EXPERT,I enhanced my expertise in backend development and project management. I played a pivotal role in organizing events that bolstered learners' API skills, demonstrating my ability to lead and educate. My background includes a strong foundation in software and database design, complemented by a commitment to professional excellence and community service.

Professional Experience

Volunteer

November 2024-Current

POSTMAN API
FUNDAMENTALS STUDENT
EXPERT,Meru,Kenya(Remote)

Helped other learners to familiarise with APIs and how to use Postman.

*Supported engaging, fun, and smooth-running events by helping with organization and planning.

*Represented organization positively and professionally while providing community with much-needed services.
